Bulletin of the Torrey Botanical Club 118(4), 1991, pp. 498–504

INDEX TO VOLUME 118, 1991

A revision of *Diarrhena* (Poaceae) in the United States, 128
A revision of the neotropical species of *Turbina* Raf. (Convolvulaceae), 265
A synopsis of *Poikilacanthus* (Acanthaceae) in Mexico, 451
A vascular flora of the forested portion of Cunningham Park, Queens County, New York: Corrections and additions—III., 330
Abies balsamea, population dynamics and growth of, 255
Abies faxoniana, in southwestern China forests, 249
Acanthaceae, nectary function in *Ruellia radicans,* 188
Acanthaceae, the genus *Poikilacanthus* of, in Mexico, 451
Acer ginnala, 20
negundo, 20
pensylvanicum, A. rubrum, A. saccharum, regeneration of, in a Maine hardwood forest, 303
platanoides, 20
rubrum, 20
saccharinum, 20
saccharum subsp. *nigrum,* 20
ADAMS, HAROLD S.: see Stephenson, Steven L., 24
Adirondack Mountains, balsam fir population dynamics and growth in, 255
afterripening in seeds of *Solidago,* 288
Allegheny Plateau, New York, presettlement forest disturbance in, 117
Allegheny Plateau of central New York, pitch pine communities of the, 412
allozymes, variability of, in population of *Carex* species, 444
Ampelopsis brevipedunculata (Vitaceae), a problem in Wave Hill (NYC) natural area, 312
Anaxagorea brevipes, pollen development in, 292
Andrus, Richard (Book Review), 89
ANDRUS, RICHARD E.: see Karlin, Eric F., 43
ANTENEN, SUSAN: see Yost, Susan E., 312
Ants, attracted by nectar in annular nectaries of *Ruellia radicans,* 188
Arditti, Joseph (Book Review), 216
Argyreieae, a tribe of the Convolvulaceae with indehiscent fruit, 265
Aristida tuberculosa, a rare species on Hog Island in the Virginia Coast Reserve, 326
Artemisia ludoviciana, new to Vermont, 58
Asimina triloba, pollen development in, 292
Atamasco Lily, breeding system of, 137
AUSTIN, DANIEL F.: A revision of the neotropical species of *Turbina* Raf. (Convolvulaceae), 265
Austin, Daniel F. (Book Review), 215, 333, 469
autecology, of American chestnut, 432

Bacopa monnieri, a rare species on Hog Island in Virginia Coast Reserve, 326
balsam fir, population dynamics and growth of, 255
bamboo (*Bashania fangiana*) after mass-flowering in southwestern China, 247
BARNES, WILLIAM J.: Tree populations on the islands of the lower Chippewa River in Wisconsin, 424
Bashania fangiana, after mass-flowering in southwestern China, 247
BASKIN, CAROL C.: see Buchele, David E., 281, 288
Baskin, Jerry M. (Book Review), 87
BASKIN, JERRY M.: see Buchele, David E., 281, 288
beach plant communities, on Hog Island in the Virginia Coast Reserve (Delmarva Peninsula), 326
BERNARD, JOHN M.: see Seischab, F. K., 412
Betula albosinensis and *B. utilis* in southwestern China forests, 249
Betula alleghaniensis, B. papyrifera, regeneration of, in a Maine hardwood forest, 303
Biosphere Reserve (Champlain Adirondack), new records for the flora of, 58
Boom, Brian M. (Book Review), 214
Botanical Research and Management in Galapagos (Book Review), 88
bottomland hardwoods, as seen on islands of the lower Chippewa River, Wisconsin, 424
Bourne, Carol M. (Book Review), 333
BRANDENBURG, DAVID M.: A revision of *Diarrhena* (Poaceae) in the United States, 128
breeding system, in *Zephyranthes atamasco,* 137

pollen development, in *Welwitschia* and selected primitive angiosperms, 292
pollen-vegetation relationship, in ancient plant associations, 432
Population dynamics and growth of balsam fir on Whiteface Mountain, New York, 255
Populus species, regeneration of, in a Maine hardwood forest, 303
prairie, on Long Island, New York, Hempstead Plain, plant life forms, 191
prairies, and the presence of the compass plant (*Silphium*), 33
presettlement forests, of western New York, catastrophic disturbances in, 117
pressure-volume curves, in the growing season water relations of rosebay rhododendron and mountain laurel, 123
PRIMACK, RICHARD B.: "Safe sites" for germination using *Plantago* seeds: A repetition of a thrice-published experiment, 154
primitive angiosperms, pollen development in, compared to *Welwitschia,* 292
propagation, vegetative, in *Piper auritum,* 176
Prunus pensylvanica, regeneration of, in a Maine hardwood forest, 303

QIN, ZISHENG: see Taylor, Alan H., 247
Queens County, New York, vascular flora of Cunningham Park in, 330
Quercus species, abundance in forests of the Virginia Piedmont, 161

Radnor Lake State Scientific Area, Tennessee, 52
range extensions of species in the Champlain Valley of New York and Vermont, 58
rare species, genetic variation in, 444
rare species, in the Champlain Valley of New York and Vermont, 58
rare species, of *Sphagnum,* in Delaware, 43
RAYNAL, DUDLEY J.: see Fitzgerald, Brian T., 258
REED, CLYDE F.: see Karlin, Eric F., 43
regeneration, importance to secondary succession in a Maine hardwood forest, 303
REID, DON: see Taylor, Alan H., 247
Relationship between pollen frequency in moss polsters and forest composition in a naturalized stand of American chestnut: Implications for paleoenvironmental interpretation, 432
repeatability, of seed germination experiments, 154
reproductive behavior in *Macrozamia riedlei,* 6
reproductive effort, in *Drosera,* 12
revegetation, after disturbance, effect on succession in southwestern Ohio, 385
Rhododendron maximum (rosebay rhododendron), growing season water relations of, 123
Rhododendron species, in southwestern China forests, 249
ROBERTS, TERESA L.: Floristics of a chronosequence corresponding to old field–deciduous forest succession in southwestern Ohio. II. Seed banks, 377
root suckers, in *Piper auritum,* 176
roots, adventitious, in *Piper auritum,* 176
roots, dimorphic, in *Piper auritum,* 176
roots (aerial, prop or stilt), in *Piper auritum,* 176
Rubus species, regeneration of, in a Maine hardwood forest, 303
Ruellia radicans (Acanthaceae), dual function of nectaries in, 188

"Safe sites" for germination using *Plantago* seeds: a repetition of a thrice-published experiment, 154
sand burial, effect on establishment of switchgrass on sand dunes, 141
Sand Hills, of South Carolina, compared to Hempstead Plains, New York, 191
SANFORD, PATRICIA R.: see Paillet, F. L., 432
Sapium sebiferum, established in a South Carolina barrier island maritime forest, 170
scanning elecron microscopy, of stigmatic papillae in *Acer,* 20
Schofield, Eileen K. (Book Review), 88
Schuyler, Alfred E. (Book Review), 333
seed bank, importance in succession, 377
seed bank, relevance to succession in old fields, southwestern Ohio, 385, 392
seed dormancy, in species of *Solidago,* 288
seed germination, in species of *Solidago,* 288
seed mass, effect on establishment of switchgrass on sand dunes, 141
seedling survivorship, of switchgrass (*Panicum virgatum*) on sand dunes, 141
seeds, germination of, in "safe sites," using *Plantago* species, 154
SEISCHAB, FRANZ K.: Catastrophic disturbances in the presettlement forests of western New York, 117
SEISCHAB, FRANZ K.: Pitch pine (*Pinus rigida* Mill.) communities in central and western New York, 412
self-compatibility, in *Zephyranthes,* 137
sex ratios, in the cycad *Macrozamia riedlei,* 6
Silphium laciniatum, development of leaf orientation in, 33
SNYDER, GARY W.: see Vankat, John L., 365
soil, in the Virginia Piedmont, as a factor in forest vegetation, 161
Solidago canadensis, seed germination in, 288
nemoralis, seed germination in, 288
shortii, ecological life cycle of, in Kentucky, 281
shortii, seed germination ecology of, 288
Spatial patterns and environmental associates of bamboo (*Bashania fangiana* Yi) after mass-flowering in southwestern China, 247
species diversity, changes of in old fields and forests in southwestern Ohio, 365, 377, 385
species richness, changes of in old fields and forests in southwestern Ohio, 365, 377, 385
species-area curve, of the MacArthur-Wilson model for islands, 424
Sphagnum, in the flora of Delaware, 43
Sporobolus vaginiflorus, in competition with *Talinum,* 1
spruce, black, patterns of growth in a raised boreal bog, 399
spruce–fir associated in subalpine forests, 255

U.S. Postal Service

STATEMENT OF OWNERSHIP, MANAGEMENT AND CIRCULATION

Required by 39 U.S.C. 3685)

1A. Title of Publication	1B. PUBLICATION NO.	2. Date of Filing
The Bulletin of the Torrey Botanical Club	0 7 7 4 8 0	December 5, 1991
3. Frequency of Issue	3A. No. of Issues Published Annually	3B. Annual Subscription Price
Quarterly	Four	$45.00

4. Complete Mailing Address of Known Office of Publication *(Street, City, County, State and ZIP+4 Code) (Not printers)*

Scientific Publications Department, The New York Botanical Garden, Bronx, NY 10458

5. Complete Mailing Address of the Headquarters of General Business Offices of the Publisher *(Not printer)*

Same as #4

6. Full Names and Complete Mailing Address of Publisher, Editor, and Managing Editor *(This item MUST NOT be blank)*

Publisher *(Name and Complete Mailing Address)*

Torrey Botanical Club, New York Botanical Garden, Bronx, NY 10458

Editor *(Name and Complete Mailing Address)*

H. David Hammond, Editor-in-Chief, Scientific Publications Dept., New York Botanical Garden, Bronx, NY 10458

Managing Editor *(Name and Complete Mailing Address)*

Paul Mankiewcz, Dept. of Biological Sciences, H.N. Lehman College-CUNY, Bronx, NY 10468

7. Owner *(If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding 1 percent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a partnership or other unincorporated firm, its name and address, as well as that of each individual must be given. If the publication is published by a nonprofit organization, its name and address must be stated.) (Item must be completed.)*

Full Name	Complete Mailing Address
The Torrey Botanical Club	New York Botanical Garden, Bronx, NY 10458

8. Known Bondholders, Mortgagees, and Other Security Holders Owning or Holding 1 Percent or More of Total Amount of Bonds, Mortgages or Other Securities *(If there are none, so state)*

Full Name	Complete Mailing Address
NONE	

9. For Completion by Nonprofit Organizations Authorized To Mail at Special Rates *(DMM Section 423.12 only)*
The purpose, function, and nonprofit status of this organization and the exempt status for Federal income tax purposes (Check one)

(1) [X] Has Not Changed During Preceding 12 Months
(2) [ ] Has Changed During Preceding 12 Months

(If changed, publisher must submit explanation of change with this statement.)

10. Extent and Nature of Circulation (See instructions on reverse side)	Average No. Copies Each Issue During Preceding 12 Months	Actual No. Copies of Single Issue Published Nearest to Filing Date
A. Total No. Copies *(Net Press Run)*	1483	1500
B. Paid and/or Requested Circulation 1. Sales through dealers and carriers, street vendors and counter sales		
2. Mail Subscription *(Paid and/or requested)*	1313	1302
C. Total Paid and/or Requested Circulation *(Sum of 10B1 and 10B2)*	1313	1302
D. Free Distribution by Mail, Carrier or Other Means Samples, Complimentary, and Other Free Copies	16	33
E. Total Distribution *(Sum of C and D)*	1329	1335
F. Copies Not Distributed 1. Office use, left over, unaccounted, spoiled after printing	154	165
2. Return from News Agents		
G. TOTAL *(Sum of E, F1 and 2—should equal net press run shown in A)*	1483	1500

11. I certify that the statements made by me above are correct and complete	Signature and Title of Editor, Publisher, Business Manager, or Owner
	Paul S. Mankiewicz, Manager of Publications

PS Form 3526, Feb. 1989 *(See instructions on reverse)*
